Russell Tyree, Pastor

November 1, 2012

To whom it may concern,

I highly recommend Bro. David Rea as a qualified and God called missionary to the land of Zambia. We have known him during some six years of pastoring in the state of Washington, and we have come to know him and his family well as they have been living several months in our Sunday school facilities (and still are when not on the road). He has been to Zambia two times and experienced what the ministry will be like in the bush country of Africa. He has farming and construction skills which should be particularly helpful in the bush country.

Sincerely,

Pastor Russell Tyree
