A 6am call for help...

My phone rang at 6am, "I need help. Can you help me?" Many here are looking for jobs, money or other material things, so I ask, "What kind of help do you need?" The young man responded by saying, "I want to know God. How can I know God?" We set up a time to meet that evening when he got off work. That evening Chris accepted Christ as his Saviour. Later he told me how his whole life had been changed. He expressed his gratitude. I told him it was nothing I had done, but it was all what Jesus had done for both him and myself.

A friend brought to our Bible Study...

As we began regular Bible studies with Chris, he brought a friend from his work. The Bible study was on God's free gift of Salvation! It was a joy to see one young man bring another young man who then also got saved!

A truck driver who knew he could die any day...

During evangelism one Saturday, one of our new Chinese tires began to go flat. Since they were just put on the day before it seemed odd that one would go flat. I stopped by a roadside tire repair man and he took the tire off, checked for leaks and re-seated the bead. While this was going on my son Jacob and another young man were sitting in the van. "Hey, why don't you two get out and go tell someone about Jesus!" I said. "Who?" they asked. I said, "Well, anybody! Go over there and tell those people!" Off they go. They come back and told me that a man in a truck wished to speak to me. "I need the word of God" he said. I began to preach unto him Jesus. He talked about almost dying in a traffic accident while driving his 5 ton truck and his realization of the danger of driving here. He said, "I could die any day driving my truck." He did not accept Christ that day, but he did come to church. On a follow up visit with this man, he called on Jesus to save his soul.

The Container Arrives!

Josiah and his new friends

A young man who desires to serve God...

Two young men came to our home to witness to me. They understood salvation but they were taught little else. They both were 12th graders who have just graduated from High School. This visit turned into a 2 hour Bible study with them. One of them, Jeremiah, came back to visit my home the following week. We are now doing Bible studies three days a week for about 3 hours a day.

The container arrived...

Our container arrived safe. No problems with customs. We got it off loaded and unloaded. We are still trying to get the home set up and organized. The pressroom is almost ready and we hope to set up the printing press in the next few weeks. Our first projects will be another trifold tract from a full letter sheet of paper (qty. 25,000) , and a 20 page doctrinal study book on salvation (qty.

5000). We have already distributed many of these that were printed by us in the USA. These have brought in much fruit. The first two men above were saved as a direct result of handing out those booklets. We can print the booklets for under 10 cents each. So \$100 can print 1,000 - 20 page booklets. \$100 can also print 10,000 of the trifold single page tracts. In the last few weeks we have handed out about 10,000 tracts.
